OUR VISION & MISSION

Various Art forms, Training, Mentoring of famous artists in the country and abroad for artists to progress in the field of art making proper preparations to present art around the world - trying to make progress keeping the family and themselves. Safe and also getting the artists an authorized groups status and solo commercial entertainments social awarness and advertising license by the Govt. of India and connecting them to various business streams. We are trying to provide promotion and employment throught digital Website and Other Social Media Tools.

We are also planning a seperate weekly digital (social media) and print magazine for artists by the foundation that will provide only positive reviews of weekly happenings related to artists and provide them with event opportunities. So this foundation magazine will be very importants to provide employment for all the artists and make maximum use of if for the sustainance of their families.
